

# Curriculum Vitae

## Oleg Stepanyuk

**e-mail:** stepanyuk.oleg@aol.com

**Birth Date:** 04/28/83

### Languages:

**English** Full professional proficiency  
EFSET - 92/100  
(C2 - Proficient)

**Russian** Native or bilingual  
proficiency

**Bulgarian,  
Macedonian** Basic knowledge

### Education:

2000–2006

MSU (Lomonosov Moscow State University), Faculty of Physics, Division of Geophysics and Earth Sciences, Shirshov Institute of Oceanology (RAS).

MSc thesis: «The Red Sea, Tajura Rift (Gulf of Aden): Comparative study of an anomalous magnetic field and magnetization of the samples» (2006)

2008–2010

MSU (Lomonosov Moscow State University), Faculty of Physics. Martin-Luther Universität Halle-Wittenberg

PhD thesis: «Numerical simulation of growth scenario, selforganization and physical properties of low dimensional structures» (2010)

2014–2016

University of Helsinki, Finland. Second PhD studies program in Climate Sciences and Meteorology.

### Education – additional:

2015

Espoo, Finland. CSC Summer School in High Performance Computing Lectures and hands-on training on parallel programming, message passing(MPI), threading (OpenMP), code optimization and other necessary skills in development of parallel scientific software.

2009

Moscow, Russia. PSM Consulting CIS

Project management basics training according to PMI project management standard (PMBOK guide).

### Work experience:

2019– present. Kolabtree (and similar platforms). Independent expert (5/5 project rating)

2017– present. iAthena7 Labs. R&D Senior Adviser, Software Architect, Interim CEO (2019)

2014–2016. University of Helsinki, Department of Meteorology Research Scientist

2013–2016. Dorodnicyn Computing Center of Russian Academy of Sciences Research Scientist

2008–2014. MSU (Lomonosov Moscow State University), Faculty of Physics. Research Scientist

2008–2013. Martin-Luther Universität Halle-Wittenberg, Max-Plank Institute for Microstructure Physics. Germany  
Visiting Research Fellow

2010–2011. Kintech Lab  
Research scientist. Scientific Software Developer

2006–2008. Roy International Consultancy Inc. IT and Software Expert in Geophysics Department

2000–2002. Independent Software Developer

### **General Areas:**

Scientific Software Development, Big Data Problems, Satellite Data Analysis, Remote Sensing, Image Processing, Parallel Computing, Stochastic Models, Numerical Simulation of Physical and Chemical Processes

### **Various Technical Skills, Approaches, Software:**

Systems, Architectures, Languages, Technologies:

High Performance Computing, Parallel Programming (MPI, OpenMP over Linux on Clusters and Supercomputers), GPU, CUDA, C/C++ , Matlab, Python, Java Script, Embarcadero Rad Studio, Firemonkey cross-platform framework, SQL

Atmospheric modeling and tools, GIS, Geomatics:

ECMWF Open IFS model, knowledge of the source code and undocumented features. WRF, WRF-Chem models. CDO, ECMWF MetView, Panoply. GRIB and NetCDF formats, ArcGIS. Western Geco Omega (administration)

Various modeling, dynamic and stochastic computational approaches, software:

Molecular dynamics, Kinetic Monte-Carlo, Perceptron Neural Networks, Pseudopotentials, DFT, VASP, LAMMPS, Material Studio

### **Awards:**

Stepanyuk O.V., Negulyaev N.N, Ignatiev P.A., Hergert W., Saletsky A.M.

«Unusual growth mechanism of atomic structures on fcc(110)»

Proceedings of the European Conference on Surface Science (ECOSS 27),  
Groningen, Netherlands , 2010 - Best Poster Award
